ANNEX A

QUESTIONS RAISED BY SHAREHOLDERS AT THE COMPANY'S ANNUAL GENERAL MEETING HELD ON 24 APRIL 2019 IN RELATION TO THE RESOLUTIONS AND THE RESPONSES MADE IN RELATION THERETO

(Capitalised terms used in this Annex A have the same meaning as their respective definitions in the minutes of the Annual General Meeting held on 24 April 2019 and the Company's 2018 Annual Report.)

NO.	QUESTIONS	RESPONSES
<u>Resolution 1 – Adoption of the Directors' Statement and the Audited Financial Statements for the financial year ended 31 December 2018 together with the Auditors' Report</u>		
1.	Shareholder A referred to <i>paragraph 2 on page 4</i> of the Company's annual report whereby it was stated that the Company and its subsidiaries (the " Group ") recorded US\$413.4 million of revenue, mainly arising from the chemical trading business undertaken by the Group's wholly-owned subsidiary, Orient-Salt Chemicals Pte. Ltd. and its subsidiaries (the " OSC Group "). Shareholder A queried on the reason for no dividend declared.	<p>Mr Sam Kok Yin ("Mr Sam") clarified that the US\$413.4 million recorded was revenue and not profit. Mr Sam noted that this revenue of US\$413.4 million mainly arise from the OSC Group, which engages in the trading of chemicals, i.e. buying and selling of chemicals. Mr Sam explained that whilst the revenue for trading of chemicals was high, the profit margin was low.</p> <p>Mr Sam referred to <i>paragraph 2 on page 4</i> of the Company's annual report and further explained that even though the OSC Group had achieved a profit after tax of US\$1.4 million, the profit was at subsidiary level. Mr Sam added that there was a loss recorded at the Group level due mainly to non-cash item(s). Mr Sam referred to the depreciation of the Company's factory in Singapore and the issue of bonds and warrants in 2017 as examples of non-cash item(s).</p> <p>Mr Sam addressed Shareholder A's concern of no dividend declared and noted that moving forward, the Company will consider declaring dividend if there are profits.</p>
2.	Shareholder A noted that whilst the revenue of the OSC Group was high, the net profit of the OSC Group was only US\$1.4 million. Shareholder A queried on the huge difference between the revenue and net profit of the OSC Group.	Mr Sam reiterated that it was due mainly to a low profit margin, which was in line with the nature of the business of the OSC Group, i.e. trading of chemicals. Mr Sam explained that trading of chemicals consists of buying and selling chemicals only and there would not be any capital expenditure, therefore the profit margin would typically be very low.
3.	Shareholder A queried if the net profit could be increased.	Mr Sam noted that whilst the Company could increase the net profit, the risks will increase correspondingly as well. Mr Sam explained that the Company could require their sales team to deliver higher results, but the sales team would have to undertake more risks. Mr Sam noted that the Company does not wish to encourage their

		sales team to undertake such risks and the Company only stocks what is necessary. Mr Sam further noted that the Company is working on improving the net profit by changing the mix of the chemicals that the Company deals with.
<u>Resolution 3 – Re-election of Mr Tham Hock Chee</u>		
4.	Shareholder A queried on Mr Tham Hock Chee’s (“Mr Tham”) length of service as a Director of the Company.	Mr Sam noted that Mr Tham had been with the Company since 2 January 2015.
<u>Resolution 4 – Approval of Directors’ fees</u>		
5.	Shareholder A commented that the Directors’ fees of S\$99,000 was high and queried if the Directors’ fees of S\$99,000 was for one Director only and if they are paid in arrears.	Mr Sam clarified that the Directors’ fees of S\$99,000 was for the three Independent Directors and payment is in arrears.
6.	Shareholder A queried whether the Directors’ fees would be reduced if the Company does not perform well.	Mr Sam clarified that the Directors’ fees are in line with market rates. Mr Sam noted that the Directors are mindful of the costs but there are other ways to manage costs as well. Mr Sam added that conversely, if the Company performs well, the Company could also consider increasing the Directors’ fees to be fair.
<u>Resolution 5 – Re-appointment of Auditors</u>		
7.	Shareholder A queried on the Auditors’ length of service with the Company.	Mr Sam noted that the Auditors had been with the Company for many years, since before the current Management.
8.	Shareholder A queried if the Auditors’ fees were competitive compared to other audit firms. Shareholder A commented that the Company should not go for branded audit firms.	Mr Sam stated that the Auditors’ fees quoted by Foo Kon Tan LLP was competitive given the level of service and work provided.
<u>Resolution 6 – Share Issue Mandate</u>		
9.	Shareholder A queried if the Company would be relying on the share issue mandate after the approval of the same.	Mr Sam clarified that as at the date of the Annual General Meeting, the Company did not have any intention to issue and allot new shares and convertible securities.
10.	Shareholder A queried on the frequency of the Company undertaking rights issue.	Mr Sam clarified that the Company would not undertake securities offering if there was no requirement for additional cash. Mr Sam added that the Company would not issue shares for the sake of issuing shares as it will dilute shareholding of Shareholders.
11.	Shareholder A opined that he hopes that the Company would not practice rights issue as the shares would become diluted.	Mr Sam replied in the affirmative. Mr Sam reiterated that the Company would not issue shares for the sake of issuing shares as it will dilute shareholding of Shareholders.
12.	Shareholder A queried if the Company would consider placement since it was cheaper.	Mr Sam noted that placement and rights issue are two different offerings and in deciding which type of offering to do, it is more than a matter of fees.

Resolution 7 – Renewal of Interested Person Transactions Mandate

13.	Shareholder A queried if there were any interested person transactions.	Mr Sam referred to the Letter to Shareholders on the interested person transactions and noted that the details of these transactions could be found inside the Letter to Shareholders.
<u>Others</u>		
14.	Shareholder A queried about the sale of the Company's factory.	Mr Sam noted that the Company is open to selling the factory and is looking for buyers. Mr Sam noted that the Company is exploring ways to use the factory, including for paper management, pending the sale.
